

# HELP US RECLAIM THE ROUTE

As a part of an annual partnership with the Dick's Sporting Goods Pittsburgh Marathon, GTECH and community partners work to activate one of the hundreds of vacant lots that line the marathon route. This year, GTECH will partner with Operation Better Block and Canstruction Pittsburgh to build a one-of-a-kind structure made entirely of donated canned food while thousands of runners pass by the site located in the Homewood community. All canned food used during the construction of the structure will then be donated back to a local food bank for distribution. To add to the festivities that take already take place in Homewood, GTECH will also be providing food, music and fun while volunteers create the structure.

## HOW YOU CAN HELP:

1. Update your registration at <http://reclaimtheroute.eventbrite.com>.
2. Refer to the map below for site parking. Remember, roads start closing down around 7AM.
3. Please be at the Construction Site by 7AM. Please check in at registration.
4. Canstruct!
5. Frankstown Road (and other roads) will re-open around 3PM.
